

If only animal cruelty were a thing of the past.

**SUPPORT PROPOSITION 2**

Upon its founding in 1908, the Palo Alto Humane Society provided a sorely needed public watering trough for working horses and mules. PAHS continues to advocate humane treatment of all animals. Join us in supporting Proposition 2, the California Prevention of Farm Animal Cruelty Act, to give all farm animals the space to sit, stand, turn around, and extend their limbs.

*Celebrating a century of compassion*
